Is your website working for you or against you?

One of the most important marketing tools you have at your disposal is your website. Does your website convey your professionalism? Does it promote your key business assets and encourage visitors to return time and time again? If not you could be missing out on potential customers and wasting valuable marketing opportunities.

Tecnica can design, host, promote and support your website to maximise your web opportunities and ultimately increase your chance of sales.

It only makes sense to have a professional website, open 24/7 to promote your business and serve your customers. Give your potential and existing customers a positive impression of your company.

Why Choose Tecnica?

Tecnica specialise in a range of **Support Services** for a variety of systems deployed on dissimilar platforms. Our Maintenance Services have been designed to support your business critical systems, and our competitive pricing structure can offer **savings of up to 30%** on manufacturer or large third party companies support.

As an independent company Tecnica only use our own highly trained and experienced engineers and our reputation for quality and service is validated by our customers with a consistent **100% Customer Satisfaction** result in our regular customer surveys.

Many small and medium sized businesses may lack in-house IT expertise and believe outsourcing to be costly. Tecnica are **Microsoft Small Business Specialists**, we understand the needs of small and medium sized businesses, and have a proven track record for delivering affordable industry standard solutions and support. Don't take our word for it, customer references can be supplied where necessary.
